

# UONCUSSION FELLOWSHIP PROGRAM APPLICATION

*The UConcussion Fellowship Program launched in 2022 and is made possible by the generous annual donation of the Winberg and Pollack Family Foundation. This one-year program offers students real-time experience working alongside a multidisciplinary team of experts in concussion management. Fellows participate in maintaining a longstanding concussion injury surveillance system, managing clinical research, and working in the community to educate youths and athletes in high school and college about sports safety.*

## Qualifications:

Preference will be given to prospective medical students seeking a research opportunity during their gap-year prior to medical school matriculation. Students must have an interest in education, policy, neuroscience, psychology and/or a relevant and related public-health related field.

## Responsibilities:

This is a full-time position, in-person, at our office located in the Batchelor Children's Research Institute at the University of Miami Medical Campus (1580 NW 10th AVE, Miami, FL 33136).
